Owned by the Delon family for several generations, (owners also of Leoville-les-Cases, whose winemaker oversees the vinification at Potensac), they have gradually increased the percentage of Merlot over Cabernet Sauvignon. The soil here is gravelly with clay and limestone deposits; it is this latter element which favours the preponderance of Merlot in the cepage. The wine is characterized by firm tannins and juicy red fruits with a hit of spice on the finish. 70% Merlot, 27% Cabernet Sauvignon, 3% Cabernet Franc.

2016 Ch. Cap D'Or

The St Georges appellation is separated from the St Emilion plateau by the gentle valley of the Barbanne stream. It is often referred to as one of the right bank's great secrets with its well drained limestone and clay-limestone soils. This is the second wine of Ch. Cap St Georges, whose south facing slopes were named 'Cap Doro' by the Romans. Very well balanced between juicy blackcurrant/plummy fruits and earthy tannins, we would pair this with roast beef. 86% Merlot, 14% Cabernet Franc.
