RED WINES

MEDOC

2014 Ch. La Chapelle de Potensac

Owned by the Delon family for several generations, (owners also of Leoville-les-Cases, whose winemaker oversees the vinification at Potensac), they have gradually increased the percentage of Merlot over Cabernet Sauvignon. The soil here is gravelly with clay and limestone deposits; it is this latter element which favours the preponderance of Merlot in the cepage. The wine is characterized by firm tannins and juicy red fruits with a hit of spice on the finish. 70% Merlot, 27% Cabernet Sauvignon, 3% Cabernet Franc.

DISCOUNTED PRICE per case of 6 bottles **£94.00**

2015 Ch. Noaillac

Also from the northern Medoc. Our notes detected 'rustic charm' with juicy blackcurrant fruits, and toasty tannins. Slightly spicy, floral nose and well integrated balance on the finish. Delightfully only 13% alcohol – coolly refreshing for summer drinking. 55% Merlot, 40% Cabernet Sauvignon, 5% Petit Verdot.

MEDOC & HAUT MEDOC

2011 Ch. Beaumont

2012 Ch. Senejac

Full bodied ripe blackcurrants well balanced with cedar and tobacco on the nose, this wine still has a youthful finish with lovely grainy tannins, very expressive of the deep gravel soils surrounding the chateau. We think best decanted beforehand. Lamb kebabs on the barbecue could be a blissful pairing!

ST EMILION , ST-GEORGES ST EMILION

2016 Ch. Cap D'Or

The St Georges appellation is separated from the St Emilion plateau by the gentle valley of the Barbanne stream. It is often referred to as one of the right bank's great secrets with its well drained limestone and clay-limestone soils. This is the second wine of Ch. Cap St Georges, whose south facing slopes were named 'Cap Doro' by the Romans. Very well balanced between juicy blackcurrant/plummy fruits and earthy tannins, we would pair this with roast beef. 86% Merlot, 14% Cabernet Franc.
